MONDAY EVENING, AUGUST 14.

THE COMMANDMENTS. -- Some years ago an old sign painter, who was very cross, very gruff, and a little deaf, was engaged to paint the ten commandments on some tablets in a church near Buffalo. He worked two days at it, and at the end of the second day the pastor of the church came to see how the work progressed. The old man stood by smoking a short pipe, as the reverend gentleman ran his eyes over the tablets. "Eh!" said the pastor. as his familiar eye detected something wrong in the working of the precepts, "Why, you careless old person, you have left a part of one of the commandments entirely out; don't you "No; no such thing," said the old man, putting on his spectacles; "no nothing left out—where?" "Why, there." persisted the pastor; "look at them in the Bible, you have left some "Well, what if of the commandments out." I have?" said old obstinacy, as he ran his eye over his work, "There's more there now than any of you will keep!" Another and more correct artist was employed the next day.

A NEW DRUM. - One of the prizes recently awarded at the volunteer encampment at Wimbledom, England, was a side drum of an entirely new construction. The drum has one head which, instead of being of parchment or vellum, is made of thin steel, and is beaten by sticks with India-rubber tops. The advantages claimed are that the head is practically unaffected by damp or changes in temperature, is affected by damp or changes in temperature, is practically indestructible, and can be tuned more simply than the ordinary drum. An incensious contrivance of springs is substituted to the price of Board. Arrangements are also for the "snare," or stings, which give the peculiar rattle to the ordinary side drum.

To the voters of the city and county of Alccandria:-I propose to be a candidate for a seat in the next House of Delegates from the county of Alexandria, should I find it to be the wish of the people that I should represent them. As early as possible after the adjournment of the present Court, I intend to address the citizens of the city and county upon the questions vitally affecting their interests, which will be brought before the next General Assembly.

THE BALTIMORE PARLOR QUEEN.

S. B. SEXTON'S

New Patented Self-Feeding Base-Burning PARLOR FIRE PLACE STOVE. Mr. S. B. Sexton is the original inventor of the Illuminating Baltimore Fire Place Heaters .-His several succeeding patents have been improvements, until this list is the superior of them all. It excels all the popular Fire Place Stoves in beauty of finish, tasteful carving, and in heating power. It is the result of twenty-two years' practical experience in inventing and manufacturing Fire Place Stoves, and combines all the improvements of our former Stoves, with additional improvements made this present season. This Stove is a decided success. Several hun-

dred of them were put up in dwellings during the latter part of the Fall and during the Winter, and we have received many testimonials giving them the highest praise for powerful heating capacity and economy in the THE DINING ROOM QUEEN,-We have

added a new Fire Place Stove to our list this senson. This Stove is suitable for dining rooms. It is very ornamental and would answer for parlors also. It has the convenience of a large oven which can be used for warming plates, and heat-ing irons, as well as baking and boiling. We also manufacture the BALTIMORE PARLOR HEATERS, which are Top Feeding

and Self-Feeding Stove. They are beautifully finished and of great heating power. For sale, wholesale and retail, by S. B. SEXTON & CO., 111 West Lombard st., Baltimore
